

TO: Sector Education and Training Authorities (SETAs) and Professional Bodies (PBs)

AMENDMENTS TO QCTO LETTER OF INTENT REFERRAL SUPPLIED TO QUALITY ASSURANCE PARTNERS (QAPs) AND SKILLS DEVELOPMENT PROVIDERS (SDPs)

Since 1 July 2018 all new applications for SDP accreditation to offer historically registered qualifications on the OQSF and / or gazetted trades were required to be made directly to the QCTO.

It has been a requirement of each SDP to complete a letter of intent available on the QCTO website (<https://qcto.org.za/services/accreditation>) before applying to a QAP

On a referral letter issued, the QCTO may advise a SDP to apply for a registered occupational qualification which will replace a historically registered qualification or advise the SDP to follow the QAP accreditation process

To improve service delivery and streamline responses, all referral letters will be issued on an improved template which may reflect more than one QAP per referral letter (where applicable)

Attached please find a sample referral letter for your information

Yours faithfully

Mr R MacPherson
Director: Quality Assurance
